Before the installation, read the instructions attached to the luminaire. Due to the dynamic development of lighting technology, we provide additional information at the client's request. Information about recommended light sources based on manufacturers' data from 2016. We are not responsible for the completeness and validity of the offer, therefore we refer to the applicable technical information of the manufacturers of light sources. Condensation, which may occur in luminaires, is a natural phenomenon and does not deteriorate the quality of the luminaire
